MARTINI

La linea **Crystal lighting** di Martini S.p.a. riassume la creatività e competenza industriale maturata dall'Azienda in decenni di storia. La vasta gamma di prodotti viene realizzata interamente all'interno dei propri stabilimenti italiani, dove personale specializzato cura le finiture di ogni singolo pezzo e di ogni minimo dettaglio. L'impiego di materiali e cristalli di altissima qualità rendendo Martini protagonista di splendide e prestigiose realizzazioni sparse in tutto il mondo: Teatri, Hotel, Palazzi d'epoca, Moschee, Centri Congressi, Centri commerciali.

In ogni singola realizzazione i Clienti possono attingere agli articoli di serie, così come al know-how ed esperienza dell'Ufficio tecnico, che ha reso possibile la realizzazione delle idee di designer famosi in tutto il mondo e la creazione dei loro progetti. Nel nuovo catalogo **Crystal lighting** Martini presenta una serie di nuovi modelli, personalizzabili su richiesta fino alle dimensioni più impegnative e creando quella che noi amiamo definire "l'ingegneria della Luce Martini".

The **Crystal lighting** range by Martini S.p.a. embodies the creativity and industrial expertise acquired by the company in its decades-long history. The broad product range is manufactured entirely in-house at the company's Italian plants, where specialised personnel adds the finishing touches to each single piece and takes care of the slightest detail. The use of extremely high-grade materials and crystal enables Martini to showcase a variety of splendid and prestigious creations throughout the world, including: theatres, hotels, historical buildings, mosques, conference centres and shopping centres.

In each single creation, Customers may draw on standard items in addition to the know-how and experience of the Technical Department, thanks to which the ideas of world-renowned designers and their projects have been able to materialise. In the new **Crystal lighting** catalogue, Martini presents a series of new models that can be customised on request – up to the most awkward sizes – while creating what we like to call "the engineering of Martini Light".

La ligne **Crystal lighting** de Martini S.p.a. condense en elle la créativité et la compétence industrielle que l'entreprise a accumulées au cours de son histoire longue de dizaines d'années. La vaste gamme de produits est entièrement réalisée dans nos établissements italiens où un personnel spécialisé soigne les finitions de chaque pièce et les moindres détails. Grâce à l'utilisation de matériaux et de cristaux de très haute qualité, Martini est le protagoniste de splendides et prestigieuses réalisations vendues dans le monde entier : théâtres, hôtels, palais d'époque, mosquées, centres de congrès, centres commerciaux.

Pour toute réalisation, les clients peuvent puiser dans les articles de série tout comme dans le savoir-faire et l'expérience du bureau technique. C'est ainsi que la réalisation des idées de designers reconnus dans le monde entier et la création de leurs projets ont été possibles. Dans son nouveau catalogue **Crystal lighting**, Martini présente une série de nouveaux modèles pouvant être personnalisés sur demande aux dimensions les plus incroyables tout en créant ce que nous aimons appeler « le génie de la lumière Martini ».

Die Produktreihe **Crystal lighting** von Martini S.p.a. vereint in sich die Kreativität und industrielle Kompetenz, die sich das Unternehmen im Laufe seiner jahrzehntelangen Geschichte angeeignet hat. Das umfassende Produktsortiment wird zur Gänze in den unternehmenseigenen italienischen Werken hergestellt, wo sich das qualifizierte Fachpersonal bis ins kleinste Detail um das Finish eines jeden einzelnen Stücks kümmert. Die Verwendung von Materialien und Kristallen von äußerst hoher Qualität ermöglichen Martini die Herstellung von großartigen und kostbaren Produkten, die in allen Teilen der Welt Anwendung finden: in Theatern, Hotels, historischen Gebäuden, Moscheen, Kongresszentren, Einkaufszentren.

Bei jeder einzelnen Arbeit können die Kunden auf Serienartikel zurückgreifen, die durch das Know-how und die Erfahrung der technischen Abteilung entstanden sind und die Umsetzung der Ideen und Projekte von weltberühmten Designern ermöglicht haben. Im neuen Katalog **Crystal lighting** präsentiert Martini eine Reihe neuer Modelle, die auf Anfrage individuell gestaltet werden können, um selbst die anspruchsvollsten Abmessungen aufzuweisen, und somit das ermöglichen, was wir gerne als „Ingenieurwesen von Luce Martini“ bezeichnen.

La línea **Crystal lighting** de Martini S.p.a. es la síntesis de la creatividad y la competencia industrial adquirida por la empresa en décadas de historia. Martini realiza su amplia gama de productos íntegramente en sus propias fábricas, con personal especializado que se ocupa de los acabados de cada pieza y de todos los detalles. El empleo de materiales y cristales de altísima calidad convierten a Martini en protagonista de espléndidas y prestigiosas realizaciones en todo el mundo: teatros, hoteles, edificios de época, mezquitas, centros de congresos, centros comerciales.

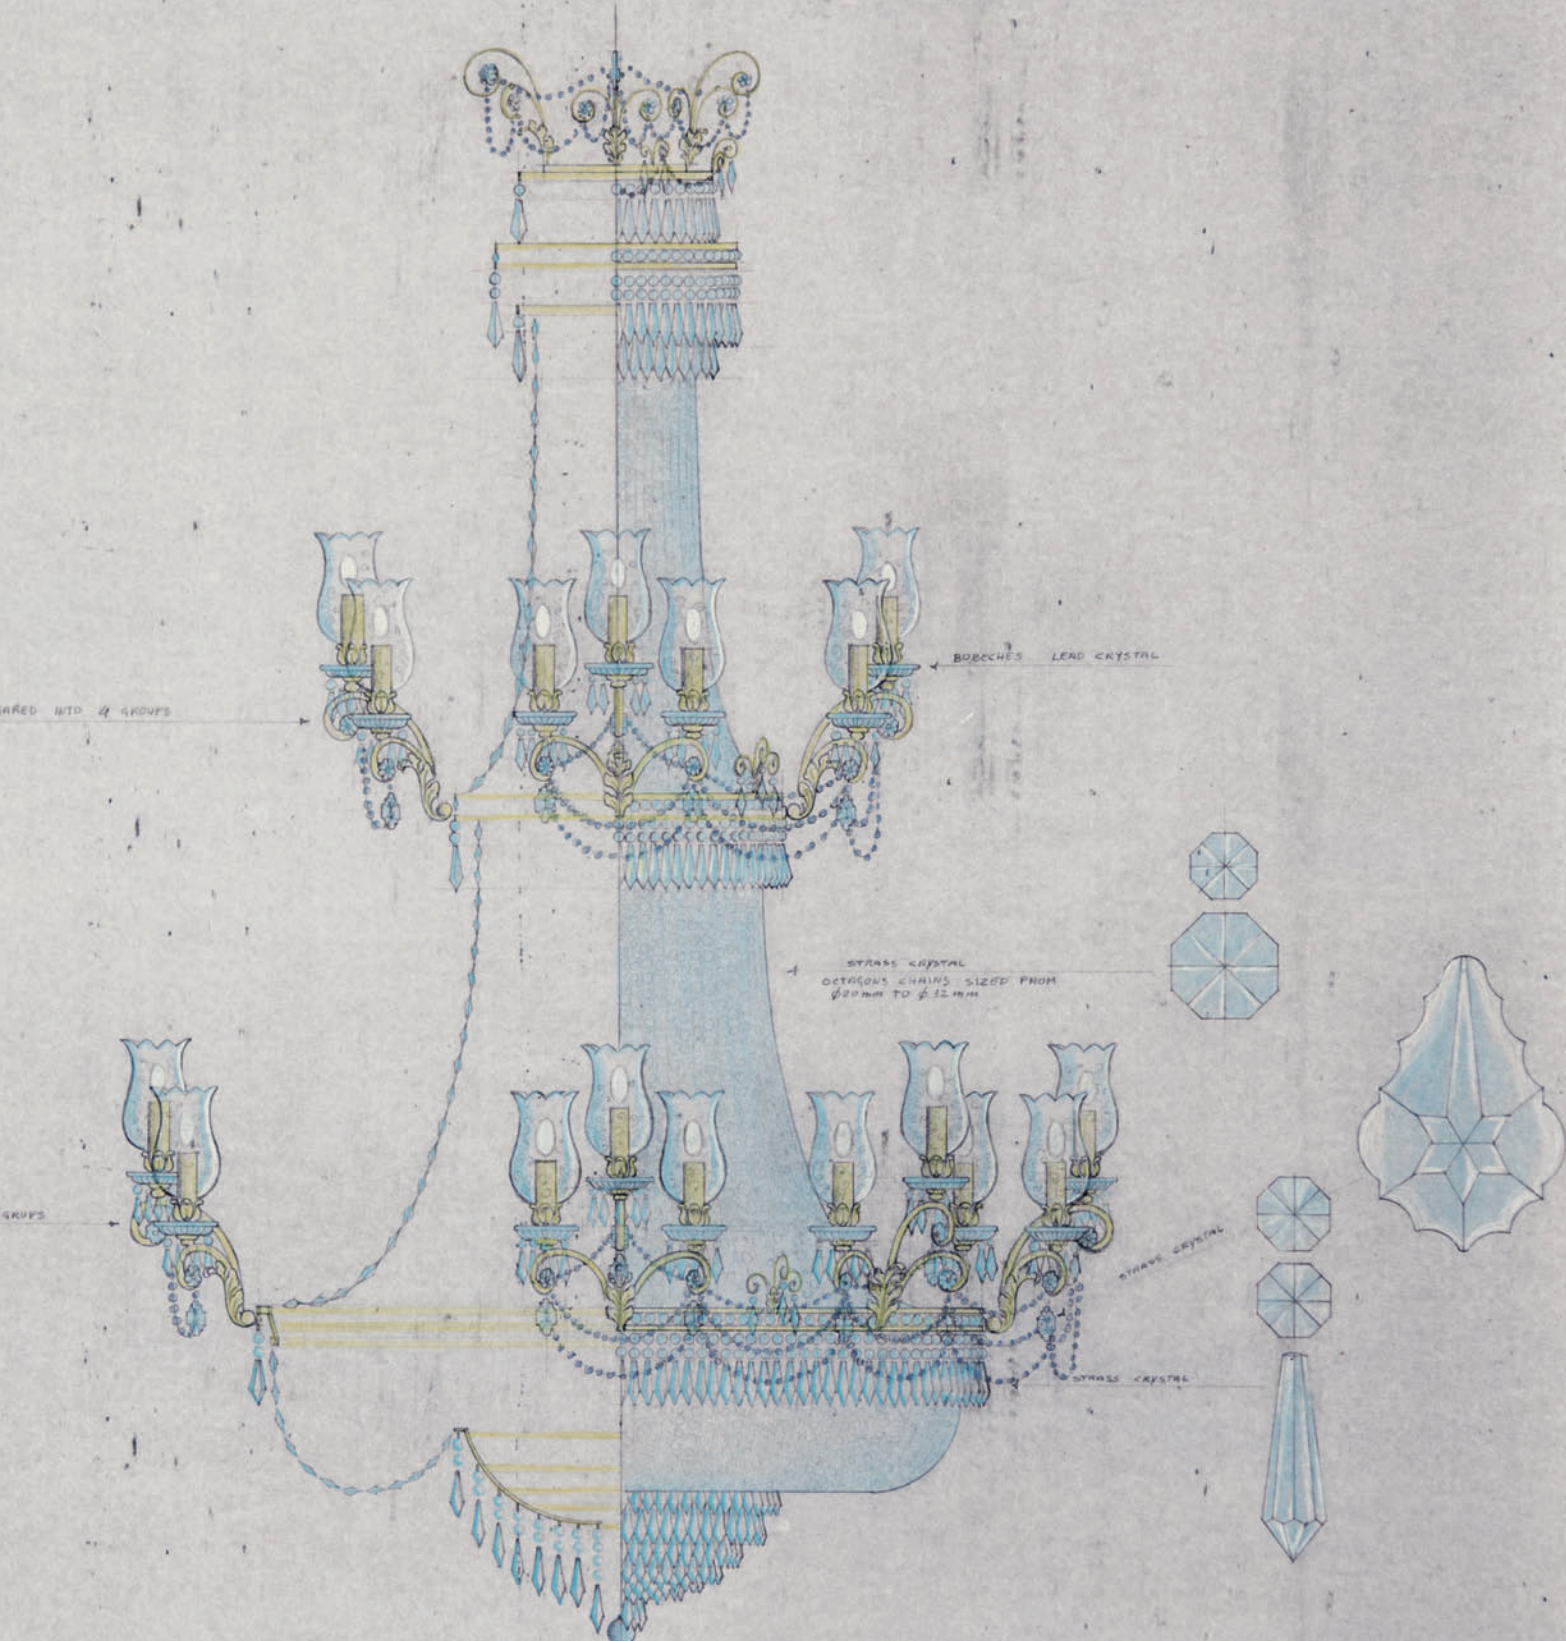

Con cada realización, los clientes pueden beneficiarse de los artículos de serie y del know-how y la experiencia de la oficina técnica, que ha hecho posible la ejecución de las ideas y la creación de los proyectos de diseñadores famosos en todo el mundo. En el nuevo catálogo **Crystal lighting**, Martini presenta una serie de nuevos modelos, personalizables bajo pedido, incluso en las dimensiones más dificultosas, creando lo que nos gusta definir como "ingeniería de la luz Martini".

Линия **Crystal lighting** Martini S.p.a. сочетает в себе творчество и промышленную компетентность, накопленную Компанией за десятилетия ее истории. Широкий ассортимент изделий выпускается Компанией на собственных предприятиях в Италии, где специализированный персонал обеспечивает отделку каждой отдельной детали. Благодаря использованию материалов и стекла высочайшего качества Компания Martini смогла создать прекрасные и престижные проекты во многих странах мира: театры, гостиницы, исторические здания, мечети, залы конгрессов, торговые центры.

В каждой проекте в распоряжении Клиентов предоставляются как стандартные изделия, так и ноу-хау и опыт Технического отдела, который обеспечивает воплощение в жизнь идей дизайнеров мировой славы и их проектов. В новом каталоге **Crystal lighting** Martini представлена серия новых моделей, персонализируемых по заказу вплоть до значительных размеров, создавая то, что мы называем «Технология освещения Martini».
